

OWNER'S MANUAL

Congratulations on the purchase of your bathtub!

NOSTALGIA

Please read and follow all of the instructions in this Owner's Manual before installing your bathtub. In addition, you should refer to these instructions over the lifetime of your bathtub.

Upon receipt, immediately inspect the bathtub to make sure the unit has been shipped as ordered and has arrived undamaged. If a problem is discovered, call your Aquatica dealer immediately. Handling damages are not covered under warranty.

Instructions for bathtub installation

Only a qualified serviceman should perform the installation of your bathtub.

Preparation of the area

The tub must be installed on a fully finished floor. The flooring under the tub and the surrounding floor must be even.

All drains should fit between the bathtub and its legs (see Picture A).

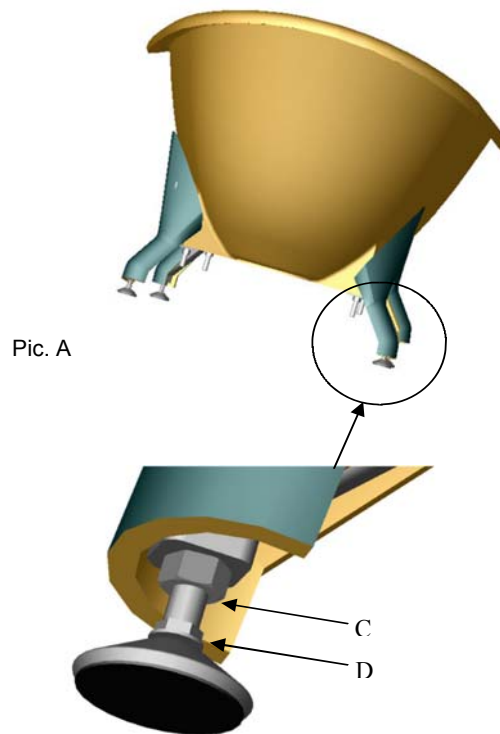

The center of the drain is highlighted in the drawing. Before assembling the connections, check the drainage inlet (\varnothing 50 mm); it must be level with the floor and at a certain distance from the center of the drain outlet (see the drain outlet measurements in the picture).

Installation of the bathtub

When the area for the tub has been prepared, and the water and drainage assembled, your bathtub is ready for installation.

To adjust the height of the tub (Picture A), loosen the nut (C), and adjust the height of the feet (D). To secure the feet (D), fasten the nut (C).

Ensure the tub is standing evenly on all feet.

Warranties

Nostalgia stone bathtub comes with a limited 25-year warranty.
Normal tear and wear is not covered.

Warranty requirements

The warranty does not apply to:

- damage caused by incorrect transportation or inadequate packaging during shipment;
- damage caused by failure to adhere to any of the operating, installation or maintenance instructions stated in our manual;
- any incorrect usage of the bathtub;
- breakages or damages caused by error, carelessness, misuse, improper maintenance, abuse or modification of the product, as well as any chemical or natural corrosion;
- fire or any other damages caused by using the bathtub in unsuitable conditions.

Aquatica reserves the right to discontinue or change models, colors and design specifications without prior notice and without incurring any liability.
